Supervisor called the Public Hearing to order at 6:40P.M. and the Town Clerk read the notice that was published in the Daily News.

John Will addressed the Town Board in favor of the water district. He wrote letters to residents and went door-to-door for signatures to support this project.

Louis Lang asked if people on the Townline Road would be allowed to hook in to the waterline. The Supervisor advised Mr. Lang that the proposed District does not include the Townline Road therefore it could not be funded and they would not be allowed to hook in at the same time

Dominica Wood spoke against the water district. The majority signed against the district and the vote was cancelled. The Supervisor informed Ms. Wood that it was a petition to bring it to a vote and the Town withdrew their support to form the water district. The result was the same, it stopped the project and the Town did not have to spend dollars to put it to a vote.

Sam Campbell asked for clarification as to where the water line would be going in.
