Supervisor called the Public Hearing to order at 6:52 P.M. and the Supervisor presented the notice as published in the Daily News.

The Town is proposing to seek two Small Cities Grants. One for funding to upgrade Sanitary Sewer District #1 and the other is for Economic Development, which falls under a separate category. Two public hearings are required. This one is to announce and inform the public about the Small Cities Grant Program and to offer assistance to the Town in defining community development priorities.

Steve Lockwood, GCEDC Vice President of Product Management addressed the Town Board. The grant for Economic Development would support renovations at the former Genesee Precision Building for a new Printing business in Gateway I Corporate Park.

Supervisor Post declared the Public Hearing closed at 6:59 P.M. as no one attended to offer assistance to the Town in defining community development priorities and possible projects for inclusion in an application for funding under the Small Cities Program.

Respectfully submitted,

Teressa M. Morasco  
Town Clerk
