Councilman Lang
Councilman Gerace

Absent: Councilwoman Michalak

Others Present: Town Clerk Morasco
Steven Mountain, Town Engineer
Joseph Neth, Town Engineer Technician
Roger Muehlig, Daily News Reporter
Five Residents from the Proposed Water District

Supervisor called the Public Hearing to order at 7:08 P.M., presented the notice as published in the Daily News, and asked if anyone wished to speak.

Dave DiSalvo asked what the next steps are for getting water and how soon it would be available for hook-up. The Supervisor and Town Engineer informed that the Water District needs to be established by resolution, which is on the agenda for this evening. The Town will then proceed with contract documents and such and it possibly would be ready for hook-up as early as Spring.

Eric Lang addressed the Town Board on behalf of himself and other residents who were unable to attend. Mr. Lang asked 17 questions that they would like answered. He presented a copy of the questions to the Town Clerk (attached).

The Supervisor expressed that they are all very valid questions. Some of the questions were previously addressed at the informational meetings but they will address the questions.

Supervisor Post declared the Public Hearing closed at 7:19 P.M. as no one else spoke for or against the Establishment of the Wortendyke/Pike Water District.

Respectfully submitted,

Teressa M. Morasco
Town Clerk
